COMMUNITY DEVELOPMENT

## February 2022

Delft is a very challenging community to live and work in. Poverty is a reality and parents struggle to pay school fees. These challenges have intensified during the Covid-19 lockdowns. Despite this, these principals that are part of the Delft Early Childhood Project showed us what faith and perseverance means. We could not be more grateful for the relationships that have been established before Covid struck. Through the support of Amazing Brainz and encouragement of one another many schools could achieve so much more than those who were on their own in these difficult times.

### Support from Shofar Durbanville

Shofar Durbanville invited the ladies in the beginning of the year for a special morning. They were spiritually and emotionally encouraged to find their rest and strength in God. The morning was like watching a beautiful video of sisters who were trusting God together for one another's challenges amidst the difficult circumstances that they were and are still facing due to Covid-19.

## Schools which completed training and received their signage

**Little Pirates Educare**  
**Amore Educare**  
**Masakhe Educare**  
**Ithemba Educare**  
**Ikusasaletu Educare**  
**Young Eagles Nest**  
**Agape Educare**  
**Honey Bunnies Educare**  
**ITemba Educare**  
**United Educare**  
**Arise & Shine Educare**

In partnership with Shofar Durbanville, we invited the principals of the first and second group to join us for a camp in Hermanus to encourage and spoil these women we have grown to love and admire. This was a big highlight for all of us (30 principals, 16 facilitators and 10 children). The theme for the weekend was from Romans 5: Faith brings joy! It certainly did! Camp participants and facilitators shared in each other's lives through meaningful listening and sharing. Saturday evening, everyone dressed up. In the midst of the glam was a glitter pink dress, an evening red gown, scarfs, head pieces, alicebands, a golden-belt and high heels. Joy expressed itself in laughter and tears as we celebrated the certificate prize giving of those who completed their three-year training with AmazingBrainz.

Our summit came on Sunday morning as we were ministered to by the testimonies of the principals. Amongst the many: There was the one principal who only achieved an academic grade four, who could not read or write, but now had proudly earned her certificate in early childhood development. There was another who said she had no self-worth when she came to the camp, but now she felt she was valuable and her life mattered.

We are forever grateful to witness the glimpses of hope that echoes through the Delft community by using ECD training as our vehicle to influence.
